

Parent's Concern Checklist

Dear Parents and Carers,

At Albemarle, we understand that at times you may have concerns about your child's wellbeing or learning. At Albemarle we believe every child deserves the best possible education and to make good progress in all areas of their development.

Should you have any concerns please come in and talk to us, the first step should be to speak to your child's class teacher who will be happy to arrange a suitable time to meet. You can arrange a time to meet either by:

- Speaking to them directly at the start or end of the day
- By calling the school on 020 8788 3170
- Emailing the main office at info@albemarle.wandsworth.sch.uk

This form has been designed to support you in thinking through your concerns and supporting a conversation with your child's class teacher. It is completely optional but we hope it will help you in organising and developing your thoughts before meeting with us.

Child's Name Class

Possible Areas of Concern	Your Views
<ul style="list-style-type: none"> • Behaviour • Eating and sleeping • Sensory (reaction to touch, pain, light, sound, foods) • Academic progress / learning • Social interaction / communication (with family, friends, teachers) • Organisation and memory • Medical / general health 	
Your Child's Strengths	Your Views
<ul style="list-style-type: none"> • What does your child do really well at and/or enjoy at home or in school academically, socially and physically.
